IRISH-AMERICANS. A Timely Appeal.

Filter of the Whig and Courses The Demorants opened their headquarters by introducing as one of the position quakers, a man whose fund of maudifa political sentimentality is exceeded only 3 his malacity to exhanne a subject that was dangerous for the Democrats to brone b Tulk about the poor laboring and otherwise! A man that could listen get politically sick, must have an non-con-

Talk about the cause of labor! the chuse of labor is the greatest cause or ...th. It is so for two great over-shadowog reasons. In the first place it is the suse that most deeply interests the greatrom labor stone that prosperity, progress, laveation, civilization, and social constori and order can spring. There is no tiduking mind that does not a knowledge the greatiless of labor, and no heart that bests with the working man and woman in matter in what sphere their labors be east. ote has taken up considerable space in hat the 1/1sh vote forms a large, powerful ests, dannot be galassed - Itish-American are essentially and necessarily conservaives in the unblest sense of the phrase and as a people or an important element m our Republican population, can no longer

be induced to follow the blind lender-hip of political advector express chief aim is lestraction, and whose flagitious ways and nemis-disgulse them as they may are an utter abomination in the sight of all truly infelligent, manly, self-reliant, himget and patriotic eltizons. As an Irlsh-American, I enter my pro-

city and county. They have used the Idsh voters us tools to elevate themselves to positions of political prominence and octal standing. That our moart frish-Americans, who have always been identifled with the Democratic party, have not cen recognized as they should have been, one of the principal reasons of their breaking away from partizon politics and acting more independently in their politial problyttles

Now let us point out a few of the need istances where on Trish-Americans are pushed aside by our Democratic politicum- In our county numbrations they delegates, may be put on a committee to put them on the ticket would not do; no, not at all. They could blue the prospects of other eardle they are good enough as veters. Yes man on account of his religion, but Democents are noted for that, and have done it

too often for Irish voters to forget the mean and cowardly spirit that actuated the individual bigots in politically as-sassinating their Irish friends, as C. Mullean run is a condidate of the Democratic party for Congress, against ticket when he was the Democratic candidate for Congressional honors. Were they not both of them able and efficient in any? Yes, but the mean spirit of olitical assumbnation is nuctured by the

ing of American liberty, ever to be a party to

It was the same spirit that slaughtered in your estimation, for the Presidency of Hugh O'Brien, the Democratic candidate the United States?' ... We same (after the United States?' ... We same for mayor of Boston, a few months ago.

Now I contend that these instances show times no.

And spain, outside of the religions as-

Notified reason of Iribit disaffection is the against in which the Democrat poll the impanes in which the Democrat poll the impanes is seen to see using personally, but possible by the line ment shows that pollitically incline in the few winds and truth of the terrifice stars Yes' Mr. Cleveland s very conditions the dispersion for the corrections of the state of this city in regard to the the chain the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of this city in regard to Mr. Cleveland s interpretation of this city in regard to Mr. Cleveland s interpretation of this city in regard to Mr. Cleveland s interpretation of the corrections of the state and the interpretation of this city in regard to Mr. Cleveland s interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the corrections of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the state and the interpretation of the corrections of the co

twenty appointmentationies gift The Builtin Couries has been ned to de-And still another reason of political fend Core Cleveland against its neighbors. dkewarraness is the advocacy of Demo-charges, and like all the other apologists write principles by the small knot of in for the candidate's misconduct admirs the dependents who are at present stances and there its of Democratic files. Vising the stress of the phage while dependent to the files and configeration of the files of the fil try are the New York Herdel, Times, Eirand Post, Harper's Borkly, the Boston Herald, and Springfield Republican They

have always been lifter engines of the pitch people, and padigment, heuraldy hosting to the Catholle rullgion and food attlandate, but are now partiag the Irish of the harks as good and layal citizers, factoric and intelligent, or sound and peoples judgment, yet at the same that filling the cultimus of the papers with free trade diordines a docume that has beggined Irishad, wrought a nor misery and distinction or poor, down-tradden from these and other resonable supports that he proposed for the same for these and other resonable supports that he proposed for the same first execution as a principle, and for these and other resonable supports that he bedieves the profession as a principle, and for these and other resonable supports that he had been supported in the first execution as a principle, and the little people have memories. Can the left ports of protection is a principle stories of the late of the party of protection is a principle. there always been little eminies of the B that As an industion of this he is lagar, and loweredly interances fortioned dents, the Independent Decreases It albodichies the manufactor of religious large trivities a good while the constitution of the constitution of

illocithrish emanuloss of (eignost line and antonial ostatis) from those papers that now put it showers on the shadder, and teel them that the objection of crover the content with the content of the first people. They are not content, they have sample and brillian that the objection of crover the powerful press of all England favors the benore at taken from those people. The powerful press of all England favors the high wholes to see that they are the high wholes to see that they are the high wholes to see that they are the demandes protech in and a beloages the high wholes to see that they are the first people. They are the demanders protech in an are of experienced the high wholes to see that they are not obtained as an area of experienced the high wholes to see that they are not the first population of English manufactures the high produced by paper solute the distance of the first population of English manufactures, which produced by paper about the independent Demonstrates, which produced by paper solute, and the independent Demonstrates have been provided by the importation of English manufactures, which produced by paper solute, they were takened by sendal and a missain that pulging in prompt the insorting variety of the interior of the first solution of the paper solution of the produced by sendal of a second to assert the interior of the first solution of the paper solution of theres, which produced by paragret editor, could be suid dogscheap in this country to assert their Democraty in the theoretical terms of American's not satisfied to the greed and decounting cupidity of length of the most than the most truly beamer the country and decounting cupidity of length of the work with their hands. They are found in the work with their hands they are found in the work with the manner of Rader bands of the product of the manner of Rader bands are suited for the control of t fain of every introduction where may are imported. They have beggared India, tit le not so much the citruster of Mr freimal, spain and Poetugal and they will beggar Americ, in the manner of the tand is not continued and Engine goods excluding the continued and Engine goods are continued as a continued to the continued and the continued are continued to the continued and the continued and the continued are continued as a continued are continued as a continued and the continued are continued as a continued are continued as a continued are continued as a continued and continued are continued as a continued a

familie, egaint and appulling train follow in the sear of those importations which ac wealth to England and starvation to all besides. As it is only by the heriti that these goods can be excluded, the erv of the worldingmen should be an every elty of the Union, on with the next A gentleman now in England, we teste-It believes the laboring men to rate
